COTTON RATES REDUCED WITH NEW MINIMUM

Salt River Valley Growers Gain by Withdrawal of High Minimum Which Would Have Forced Higher Rate

Reduction of the minimum weight on carload shipments of cotton from the Salt River, Gila and Imperial valleys was announced yesterday by the corporation commission on receipt of advice from the interstate commerce commission.

New rates recently published by the railroads raised the minimum for carload shipments to 10,000 pounds, thereby forcing an advance of 25 cents in the rate on cotton from this valley. Protest against the new minimum weight was filed by the corporation commission, in which it was pointed out that there were no presses in this or the Gila valley capable of reducing cotton to the density made necessary by the new rate. Cotton shipped from here would have been compelled to move under a rate of \$1.25 per 100 pounds, as none of it could be compressed sufficiently to load 10,000 pounds on one car.

The railroads have now withdrawn the minimum of 10,000 pounds and substituted 20,000 pounds, a weight which will enable valley cotton to move at only a slight increase over the former rate, and will result in a saving of thousands of dollars to the cotton industry in this section.

STATE GETS REBATE CHECK—The state land department yesterday received one of the Ford rebate checks for \$50, the money being a part of the \$15,000,000 rebate to purchasers of Ford cars made on August 15. The department bought a Ford car for field service several months ago.

APPLICATION GRANTED—The corporation commission yesterday granted the application of the International Gas company of Nogales for permission to extend its lines in the section of Santa Cruz county known as Patagonia and the mining districts of the Patagonia and Santa Rita mountains. The work is to be commenced within ninety days and completed and in operation within six months.

JURY TRIALS BEGIN—The first jury after the judicial summer vacation was impaneled yesterday in superior court. Where the trial of minor criminal matters were begun before Judge Stanford. BIGGER FAIRS NONE BETTER THAN ARIZONA'S

Report of Secretary Shaughnessy of Arizona State Fair Commission on His Return from a Tour of the Western States

That the Arizona state fair compares favorably with the fairs of other states was the word brought to Phoenix yesterday by T. D. Shaughnessy, secretary of the Arizona fair, who has just returned from an extensive tour of the north and northwest.

Mr. Shaughnessy says a great deal of interest is being expressed everywhere in regard to the Arizona fair and that Phoenix will be host to the greatest influx of visitors she has ever known. This fact impressed him especially when he was in California where he met hundreds of eastern tourists at both the Panama-Pacific International Exposition and at the San Diego fair, the majority of whom declared their intention of passing fair week here en route for their homes.

"The horsemen are enthusiastic," said Mr. Shaughnessy, and figures on coming over for the event. While in California I secured at least a dozen entries for the harness department."

In speaking of the one hundred and fifty mile auto race Mr. Shaughnessy declared that he had heard from good authority of two famous drivers who would be here for the fast day's big feature event—Pullin and Rothstall.

Several minor additions will result from Mr. Shaughnessy's trip, but as a whole he thinks the Arizona fair on a par with those of any other states.

"They have better buildings perhaps and more funds with which to carry out their ideas but in every other way I believe our fair is superior. Our exhibits from every county are always typical of that particular section and not one home-seeker who has been attracted to a district by our display has ever said conditions were misrepresented. That is a big boost for the fair, isn't it?" Then, too," continued Mr. Shaughnessy, "our program of events is always attractive and this year will be of sufficient interest to be a drawing card."

Mr. Shaughnessy visited fairs at Salt Lake City, Spokane, Helena, Salem, San Francisco and San Diego. Mrs. Shaughnessy, who passed the summer on the coast, met Mr. Shaughnessy in San Francisco and returned with him yesterday.

NEW NOTARIES—Notarial commissions were issued yesterday at the office of the secretary of state to Grace Wick of Tucson and Louis A. Wallace of Goutman.

VISITING OLD FRIENDS—Mrs. M. C. Caraballo (nee Mrs. May L. Kilgore) of Columbus, Ohio, who has been visiting her son, C. S. Kilgore, at Clarkdale, Ariz., and who later will visit the Pacific coast, is now in Phoenix calling on old time friends.

FIXING LAWN—City gardener Thomas Boyle has a force of men engaged in rooting out the Bermuda grass in the city hall plaza and will sow Australian grass. He will probably mix Bermuda grass seed with the ryegrass seed, and this will give him a ryegrass-covered lawn during the winter and the Bermuda will take the place of the ryegrass when it begins to die out next spring and summer.

GO TO YEAR PROMISED—Dr. D. V. DeSaffery, head of the Mental Science College and Educational Association, returned to the city yesterday after a month's visit in Salt Lake and Seattle. Mrs. DeSaffery who accompanied him, will return the latter part of the week. Dr. DeSaffery said that the college for chiropractors would be opened on December 1, under the direction of Dr. M. C. Medlin of Salt Lake and the mental science department on January 1, of next year. Dr. DeSaffery said that the institution has a promise of a flourishing year.

SOME FIRE HOUSE—During the progress of the construction of the new Central fire station in the city hall plaza, the firemen of No. 1 company are occupying what was formerly the police patrol garage. The alarm indicators and telephones have been removed to this building and the firemen have their coats ranged on either side of the walls within two or three feet of the big combination hose and chemical truck. The two fire engines have been sent out to the other fire houses and now that a new fire has been ordered will likely remain with Companies No. 2 and 3.

BELEATED NEWS—The news has just leaked out of the marriage of Miss Ada Thompson to DelRoy Newhard. The young couple slipped quietly out of town and were married last January and they have succeeded in keeping it quiet from almost everyone until recently. Mr. and Mrs. Newhard are the recipients of many congratulations from a host of friends. Mr. Newhard was formerly connected with the Goldwater store, and is now bookkeeper for the Mulrenn wholesale plumbing company, and is a well known and popular young man. The charming bride is a graduate of the Phoenix High School, and is an accomplished musician.

REQUESTS OF AUTO STAGE LINES HEARD

Asking that certain modifications be made in the order regulating traffic on the Roosevelt road and between this city and Mesa, representatives of three auto stage lines appeared yesterday before the corporation commission. After their application for a rehearing had been granted, the commission listened to petitions of the various lines.

Modification of the rule limiting the number of passengers to the car capacity as rated by manufacturers, and of the baggage regulations was urged by the Elke Auto Stage, operating between Phoenix and Tempe and Mesa. A reduction in the amount of bond to be furnished was also urged.

The Union Auto Stage line operating between this city and Globe, withdrew its complaint against the bonding regulations, but asked that it be allowed to maintain the same schedule as the larger cars. Wesley Hill of the Globe-Phoenix stage, was introduced as witness in favor of this contention, and testified as to the schedules made over the road. Attorney G. W. Silverthorn of Mesa appeared for the Elke line, Judge Barnum for the Union Auto Stage line and Wesley Hill for the Globe-Phoenix line. The commission has taken the matter under advisement.

ATTORNEY GENERAL BACK—Attorney General Wiley E. Jones returned to the city last night from Tucson where he has been on business.
